DESCRIPTION OF THE CONSTRUCTION ON A SHEET-COVERED ROOF

The handle was made with the greatest care and quality. Keno Sp. z o. o. provides a 10-year warranty on the above structure with the possibility of extending it by another 5 years. The seam holders are mounted by clamping them over the seam with two bolts. The handles are compatible with all mounting profiles available in the offer of Keno Sp. z o. o. The mounting of the handle with the profile is carried out with the use of a „T-e” type screw, which enables its assembly at any point of the profile.
